CABARET SHOWS AND RESTAURANTS

L'Amour à trois

This summer, the discotheque "L'Amour à trois" at the International Crossroads offers a new look - one which the young and not-so-young will readily appreciate.

Amid the excitement of the 35,000 lights in its new lighting system, dancers may rival each other's contortions to a new sound of music.

And for those in a romantic mood, "St. Helen's Manor" on the island of the same name beckons you to savour an excellent roast beef or steak on its rose-bound terrace where a singer and organist will keep you company.
