LA RONDE: LA CREPERIE

On your right just after entering Fort Edmonton, an attractive "crêperie" serves, on request, an excellent chocolate fondue - a delicious new alternative to all of La Ronde's sweets.

Savouring this almost unrecognizable concoction is as pleasant a way to relax as anyone could wish. And a refreshing surprise, especially during these hot summer days, is the fresh fruit garnish which accompanies your order.

Nearby, La Gourmandise invites you to taste its famous wheat crêpes among the many other kinds it offers such as the brown sugar and cinnamon ones, or the fruit salad crêpes with whipped cream, a plus for gourmands.

And for those determined souls who are still holding the line there are the perennially popular popsicles, yogurts, and multi-coloured sherbets.
