CABARET SHOWS AND RESTAURANTS

THE BIERGARTEN

At La Ronde's Biergarten, you will do a doubletake at the sound of its Bavarian orchestra's oom-pah-pahs. The fun atmosphere begins early in the afternoon, the orchestra giving way to an organist during the intermissions.

One never remains alone for long at the Biergarten for the music and cool, beer soon prompt even timid souls to become friends. The place abounds in long wooden tables in the style of ancient refectories of the good old monasteries to encourage conviviality.
