R. JAY CASELL PRESENTS AT HEMISFAIR'68®

# laterna magika

It's HERE!!! Czechoslovakia's magic lantern . . . direct from a smashing presentation at Expo '67\*. Live actors, dancers, musicians performing together in a stirring 3-dimension miracle of precision. A colorful psychedelic synchronization of film and lights and people in a new language of expression. Presented for the first time in the United States — LATERNA MAGIKA — Beethoven Hall — HemisFair'68.

\*Rated "Best of EXPO '67" — by TIME Magazine.

SID AND MARTY KROFFT'S

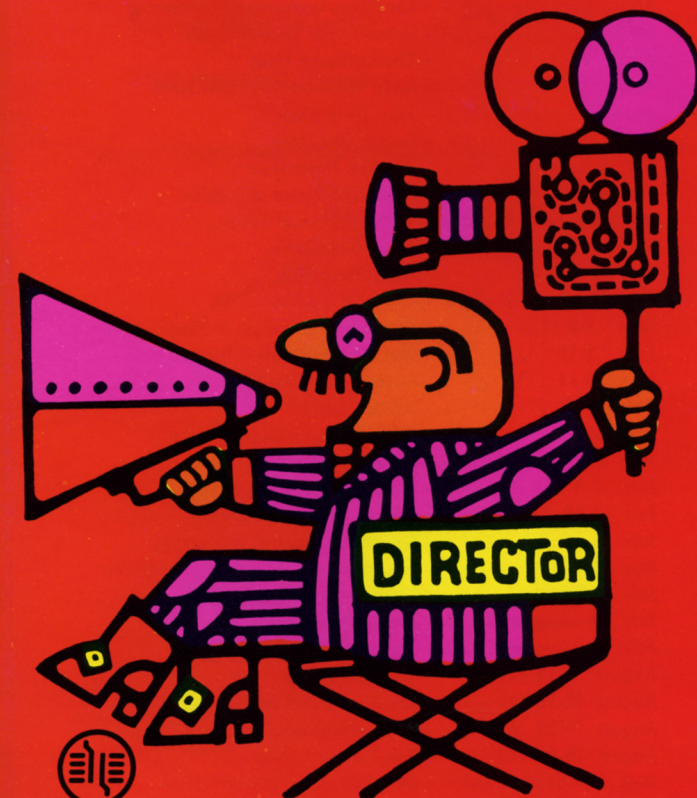

# les Poupées de Paris

## ON STAGE—A SPICY FRENCH REVUE

So sophisticated and delightfully risqué, it is recommended for ADULTS ONLY. The LES POUPEES spectacular features stars performing in the style of the great Lido and Follies Bergère. "THE SMASH HIT OF THE SEATTLE WORLD'S FAIR" — Time Magazine.

# Kino- Automat

HemisFair's total audience-participation film creation from EXPO '67. You sit in the director's chair. To stay or not to stay. To love or not to love. It's fun for the whole family as you push a button and computers whirl. Red Light — green light. Guilty or innocent. You decide . . . you are the "director" at the KINO-AUTOMAT Theatre, HemisFair'68. "MOVIE OF TOMORROW"—New York Times.
