FROM SAVAGE TO CITIZEN!

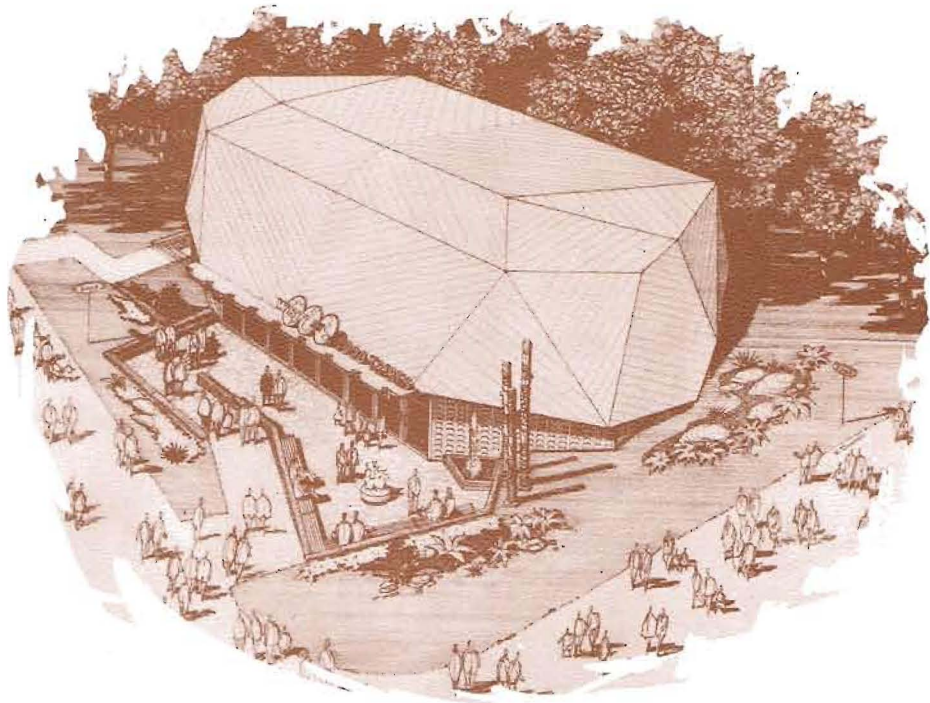

A giant painting 100 feet long in five vivid panels by artist Douglas Riseborough has been made available to Wycliffe.

It depicts the unusual life of a jungle Indian chief — converted from head shrinking to Christ. The revolutionary impact of God's Word on a savage culture will challenge thousands!

2,000 TRIBES PAVILION!

The deadline date was past, but the Fair Officials offered at no charge a choice lot for a pavilion dedicated to the Bibleless tribes of the world!

MIRACLE LOCATION!

The Pavilion of 2000 Tribes is near the main gate on the Avenue of the Americas. Its location is further enhanced by the neighboring Billy Graham auditorium and the Protestant Center. It is also adjacent to the terminal for the aerial scenic ride.
